

SIGNCODE COLORS

SISTEMA DI SEGNALETICA CON BORDI COLORATI

Rendi unica la tua segnaletica grazie ai colori integrati nella cornice. Soluzione disponibile a parete, a bandiera, a soffitto e a sospensione. Oltre ai 4 colori standard della segnaletica di sicurezza, offriamo la possibilità di scegliere tra altri 4 colori. Come per il signcode, anche per signcode colors il sistema è disponibile in 2 versioni: con pannelli in alluminio per stampa diretta o con un protettivo trasparente in PS, che permette l'inserimento di stampe realizzate su supporto cartaceo.

AL

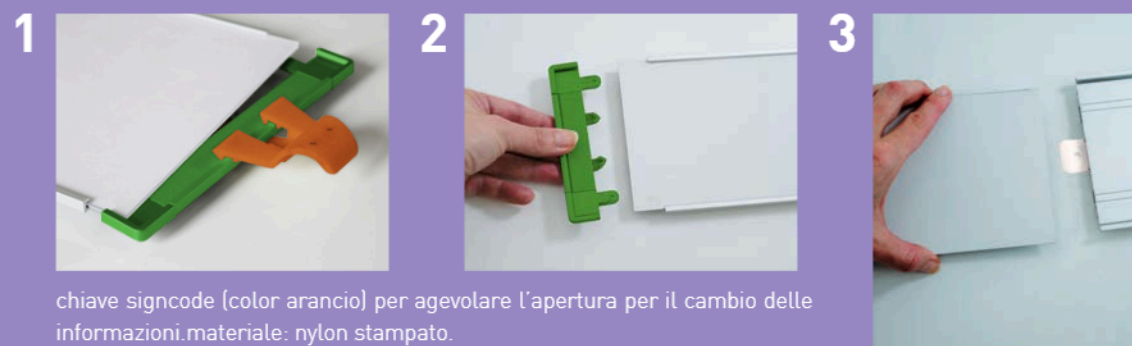

PS

pannello in alluminio, per decorazione con pellicole adesive o per stampa diretta.

protettivo trasparente in PS antiriflesso, per stampa su carta o stampa diretta.

clip rail per signcode: pag. 418

chiave signcode [color arancio] per agevolare l'apertura per il cambio delle informazioni. materiale: nylon stampato.
